AI-Assisted Creation Disclosure

This issue includes AI-generated and AI-assisted artwork and production assets. Story direction, worldbuilding, continuity, selection, editing, page sequencing, and publication assembly were directed by Dr. Nelson Jatel, Limnology Research Corp., and Thresan Studio. AI image-generation and editing tools were used as production instruments for visual draft generation, illustration refinement, and cover development. This disclosure is included for transparency.

The eight-footed mark was never a game. It was a warning.

RENN: The records
from the Second Epoch...
They have to be here.

RENN: The First Clan
knew something... before
the Nexus shifted.

The light that has been waiting...

By the Three
Worlds...

...for an axis to turn.

It recognizes
the blood.

For the
Legacy.

Something returned before us.

The eight-footed mark was never a game. It was a warning.

The Violet Beneath

THRESAN: SKYFLAG

Issue One: The Eight-Footed Mark

Beneath the Kaleo arcology, an older war is waking.

Captains Renn Dantec of the Grey Ravens and Sera Dantec of the White Stags discover an ancient Ashtapada-marked Aetheri leaf and descend into the hidden First Clan infrastructure below the city. The guardian recognizes the bloodline. The gate opens. Beneath the Aether Gold, a second frequency begins to return.
